- 1. Uranium mines in Velka Upa I. The mines are located close to the state highway. From the highway an underground corridor leads to the mines, which are on a hill in the forest. These mines were opened in December 1951.
- 2. Velka Upa II uranium mines. The mines are in the forest and are approximately 1000 to 2000 m from the state highway. The mines are indicated in outline by dotted lines in the sketch.
- 3. The newly opened trantum mines are also shown by dotted lines in the sketch; the work in these mines began in March 1952.
- 4. Spindleruv Mlyn (Spindelmuhle) recreation center. It is believed that new uranium mines will be opened before long in this area.
- 5. Line indicating state highway.
